Overnight into today, the United States flew an additional SIXTY (60) air-refueling tankers into Israel, and more Fighter Jets into Jordan.

What is going to be done to Iran is going to be massive.

The United States military operates a combined fleet of over 600 aerial refueling tankers. This accounts for approximately 75% of the world's total military tanker fleet, making it the largest and most capable aerial refueling force on Earth. The fleet is primarily operated by the U.S. Air Force, alongside dedicated tankers within the U.S. Marine Corps and U.S. Navy.

Todays' arrival of 60 more such aircraft is ON TOP OF what we already had in the Middle East as this whole conflict developed.

UPDATE 6:14 PM EDT --

stationed at Ben Gurion Airport, along with a massive airlift of US fighter aircraft to other US bases today, ahead of Trump's expected escalation of military operations against Iran.

Trump is considering ordering a massive offensive in the coming days, **wider than current strikes**, including bombing more Iranian infrastructure facilities including power plants, energy infrastructure, additional attacks on Iran's nuclear facilities to bury enriched uranium deeper, and bombing the Pickaxe Mountain underground site.

This comes as the US currently conducts strikes on Iran for the seventh consecutive day.

I wonder if such threats of devastation will cause nations to collude against America and attack, as was shown to Henry Gruver.

Trump has done a complete 180 on his election promisses. No big shock there. But I wonder if he and his cabinet are still in control. Remember the GI Joe movie where the President was replaced by some clone, launched all nukes, got every other nuclear power to do the same? Destroyed all his nukes as a surprise, the others did the same? And then show his hidden cards: “Rods from God”, destroyed London and conquered the world?

I hope I am wrong, probably am, but these powerhungry politicians would love to subjegate the whole world and more.

This is so very sick! This is genocide murder to the highest level. I believe israel started all this war going on right now just so that they could have their greater Israel. I am sorry that I had voted for this corrupted person. I would not have voted if I knew this. All these politicians are bought, blackmailed, and controlled by Israel. They will go along and let this monster of a president destroy and murder a country. I pray for the people of Iran. We are seeing Trump's true nature. Our malignant arrogant narcissist sociopathic president. He is no man of peace!

America is obfuscating the TRUTH

I do not believe the stated objective:-

"Forcing Tehran into complete submission to the nuclear conditions!", since the Israeli/US coalition killed the one man preventing Iran from having NUCLEAR WEAPONS and say's nothing about Israel's.

American/Israeli actions have pushed Iran into wanting a Nuclear deterrent!

America used the MOU negotiations as a break from conflict to renew efforts to subdue and conquer Iran. It deliberately provoked renewed conflict by using deception to push shipping through the Straights of Hormuz without Iran's agreement as set out in the MOU.

They are trying to blame Iran for this renewed conflict by obfuscation, omissions and lies!

I believe Iran has taken pre-emptive action and destroyed air refuelling tankers and fighter jets on the ground in Jordan and UAE. that seems like a sensible option, considering the threat they pose.

I am alarmed that the US Navy has "shock tested" it's ships with an explosion, registering 3.9 on the Richter Scale. Is this preparation for NUCLEAR WAR!

Will America use a NUCLEAR device on "Pickaxe Mountain" nuclear complex as anything else is not likely to achieve the

WAYNE ROOT: President Trump is About to Declare a “National Security Emergency for Elections.” Democrats and Liberal Media are Panicked and Hysterical. And It All Starts Thursday Night with Presidential Address to Nation.

maybe slightly off-topic and a long read with many details but CRITICALLY IMPORTANT for the political maneuvering in the next few months..

> New York Prepper was angry with Trump for not finishing Iran off several months ago. He began to call Trump names and accuse him of this or that. Now NY Prepper seems to be in a better mood. Sean Hannity, Laura Ingraham and Jesse Waters sound like they also agree with the War.

I'm convinced nyprepper is a paid Zionist shill. He's only happy when we're blowing shit up in the name of Israel or Ukraine. Just another tough talker. Wait until war comes to these shores he's gonna be crying like a little .

It has been reported that after Iran destroys all the 9 US bases in the Middle East and then the US is forced to bases in Isra-Hell, it will then destroy all those bases. So TACO can kiss those refueling aircraft goodbye. FAFO

From what we know, the entire US armement stockpile is depleted, to do BIG damage, all US has left on the shelves is pretty much nukes... And they want to embark on a land invasion lasting several months? Something doesnt compute... Ok, if you drop nukes on an opponent, its still not enough, you have to secure the land cleared by bringing in troops... But you have to have on hand the troops to cover the number of square miles you want secured, and there the US is still a bit short. And the goal is certainly not to force Iran into submission as much as to provoke the final muslim vs Zionicks conflict... The world over, I can foresee the start of a multi countries civil war in U.S. / Europe, UK and Ireland are already on the brink, so is France and Italy, all muslim 50% + infected countries... We can count on the government in place to stir the pot with antifa, false flags and what not... We wont go much further than the FIFA finals before we see it start... And then, remember the start date of WW2 was september 1st 1939... The 33 freemasons like their dates, besides, if you want to move heavy machinery around, you need the soil to be firm, not turned into mud, so that certainly restrict the calendar dates you can pick.

If we nuke Iran this weekend, supposedly, they will take out Israel's nuclear power plant and other nuclear sites. Also, there are 1.4 million Jewish people living in New York City. I think the war will come home to America and all the sleeper cells from various countries will be unleashed. The Great Reign of Terror will horrify Americans to the point where Trump negate the Constitution and Bill of Rights, and he will inclement the most ghastly draconian measures ever. Minority reports, social credit reports, passports, pretty much the whole nine yards. The war is about destroying the entire world infrastructure, and the Klaus Schwab reset is now in motion. Countries which are supposedly diametrically opposed, are playing the Hegelian Dialectic and getting the results they want. As in Orwell's book, 1984, they control past, present, and future realities, Resistance is futile. You will be assimilated. We live in the Luciferian Borg.
